

Official Sailing Instructions

2011 Linstead Cup • Saturday, June 18

1 Rules

The Linstead Cup will be governed by the “Rules” as defined in the International Sailing Federation (ISAF) Racing Rules of Sailing 2009 to 2012 (RRS) as amended 2010 and adopted by US Sailing (except as any of these are altered by these Sailing Instructions).

Normal RBSA sailing instructions regarding starting signals will not apply. All government marks must be honored.

2 Entries: *Due Wednesday 15 June.*

Entries will be accepted from both members and nonmembers. Boats may be entered in this race by completing the attached registration form and mailing it, together with an entry fee of \$45 per boat (includes skipper’s goodie bag and two passes to the Awards Party) to PO Box 963, Severna Park, MD 21146. Provisional registration is requested by emailing Erik Fridley at fridley@verizon.net including an estimated number of attendees at the post race party.

3 Ratings

Entrants must have a PHRF rating on file with RBSA or PHRF of the Chesapeake. Non-members or boats from outside RBSA need to only receive confirmation of entry from the RC Chair with verification of PHRF rating.

4 Changes in Sailing Instructions

Any change in the Sailing Instructions will be emailed before 1700 hours on Friday 17 June.

5 Course

This is a 9 mile PURSUIT RACE to the [Severn River] Route 50 Bridge, around any piling and back to mark “A”. As per Round Bay Sailing Association rules, all government marks must be honored.

5a Start: Between Committee Boat (or Linstead Pier if no Committee Boat is present) and RBSA mark “A”.

5b Finish: Between Committee Boat (or Linstead Pier if no Committee Boat is present) and RBSA mark “A”.

6 Schedule of Race

Racing is scheduled between 1020 and 1500 hours on Saturday 18 June.

6a Start times: The sequence begins at 10:20:00 and will be indicated by two horn blasts from the race committee (second horn marks 10:20:00 with 2 horns at 5 minute intervals, e.g. 10:20, 10:25, 10:30 ...etc).

Starting times based on PHRF and length of course, with faster boats starting last, are detailed in these instructions. Your start time will correspond to either your regular PHRF rating or RBSA granted non-spinnaker PHRF rating.

6b Finish times: If no Race Committee is on station in a boat or on the pier, the first boat to cross the finish line shall record the finish place and time of all boats behind her. Any boat that has not completed the course by 1530 hours will be scored TLE (time limit expired), with points equal to the number of boats finishing within the time limit plus 2 points, except that they will not be scored worse than the number of boats starting that race.. This changes RRS 35.

7 Spinnakers

All boats are assumed racing with spinnaker unless flying a black or blue flag in addition to the club burgee on the backstay and hailing the RC prior to the beginning of the sequence at 10:20.

8 Boat Check In

Prior to the 10:20 beginning of the starting sequence, each boat shall check in and be recognized by the Race Committee. Each boat should pass close aboard and hail her vessel name and sail number. Boats failing to check in may not be scored.

9 Class Flag

The “Class Flag” will be the RBSA club burgee flown from the backstay only. Boats without the burgee may substitute a suitable white flag.

10 Awards/Party: At about 1700, a party featuring catered food, soft drinks and dessert (BYOB) will be held at the Palisades Community Beach in Crownsville. Skippers who paid entry fee receive passes for two people for the party. Additional crew and others \$15.

The top three finishers receive trophies at the party, as well as other awards deemed appropriate by the Commodore.

NOTE: If your rating does not appear above you can calculate your own very simply. Subtract your PHRF rating from the lowest rating. Then multiply the difference by 9 miles to get your PHRF differential. Beginning at 1030 hours, increase the time (in seconds) that equals your PHRF differential.

For example, if your rating is 201, your start time would be as follows:

$$\begin{array}{r}
 296 \text{ lowest rating} \\
 - 201 \text{ your rating} \\
 \hline
 = 95 \text{ your differential}
 \end{array}$$

$$\begin{array}{l}
 95 \times 9 \text{ miles} = 855 \text{ seconds} \\
 1030 \text{ hours increased by } 855 \text{ seconds} = \text{start time } \mathbf{10:44:15}
 \end{array}$$
